BRIGHT FROM THE START

Supporting Onsite Learning for Virtual Education Program
Georgia's Virtual-Only School Districts

Overview

The Georgia Department of Education reports that the following school districts are using a virtual-only learning model. Families whose students attend these school districts will meet the school district eligibility requirement for a SOLVE scholarship. Additional information on the eligibility requirements for a SOLVE scholarship is available here.

Eligible School Districts

DECAL will update the list of virtual-only school districts as we receive updates from the Georgia Department of Education. This document was last updated on **August 28, 2020.**
